

**PONSONBY PARISH COUNCIL.**

This is a notice to inform you that the Parish Council has been requested, by the Lake District National Park, to comment on a planning application for the erection of a free-range egg laying unit with associated feed bins and hard standings at Ponsonby Old Hall Farm, Ponsonby (CA20 1BX).

The planning application reference is: 7/2019/4076  
The applicant is Mr James Stanley

The Parish Council will discuss and respond to the planning application but we also need to make sure we communicate with the residents of neighbouring properties and enable them to air their views. As a test of awareness I spoke with a couple of residents at Ponsonby last week, they were unaware of the application. Whilst I have asked them to share the details with their neighbours we have also decided to do a letter drop to make sure everyone in the immediate area was aware of the application.

Plans for applications within the National Park (those labelled 7/2019/....) are issued electronically (we don't have a hard copy) and are available to view on the Lake District National Park website [www.lakedistrict.gov.uk](http://www.lakedistrict.gov.uk) using the planning reference in the on-line search tool.

All formal views have to be made to the Planning Authority by **8<sup>th</sup> August 2019** and can be mailed to the Planning Officer:

Lake District National Park Authority  
Murley Moss  
Oxenholme Road  
Kendal  
Cumbria  
LA9 7RL

Or by e-mail to [planning@lakedistrict.gov.uk](mailto:planning@lakedistrict.gov.uk) . If anyone has comments I would encourage them to respond directly to the LDNP. Additionally if you wish to make any comments for consideration by our Parish Council we would welcome them, please let us know by **3<sup>rd</sup> August 2019** (in order that the Parish Council may take any comments into consideration when we form our opinion and response).
